

3

Action line 3 Human capital

AL-3: 6 actions

- 1 Strengthening academic knowledge base...
- 2 ... connecting to UAS and VET
- 3 Knowledge system without barriers
- 4 Additional possibilities for creating top talent
- 5 Sabbatical for key figures
- 6 Generate quantum interest for younger generation

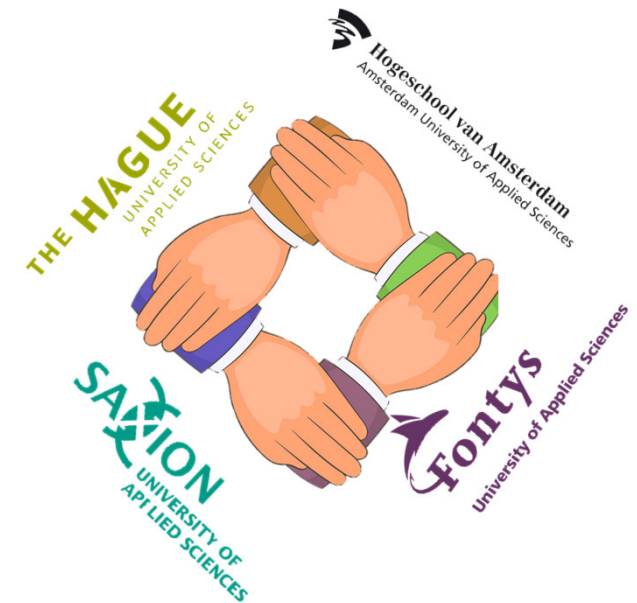

From plan to execution

- Identifying relevant partners per action
- Establishing a 'working group' (with representatives / linking pins from:
 - different actions
 - different hubs
 - different type of stakeholders (academia, UAS, VET, business community)
- May – September: Developing action plan and phasing
- Discuss with QuantumDelta board

Talent and Learning Centres

- Initial network of relevant UAS's:
 - HvA (Amsterdam)
 - Saxion (Twente)
 - Fontys (Eindhoven)
 - Haagse (Den Haag)
- Inventory of quantum related education and practice-based research at UAS's
- Developing first draft of Talent and Learning Centres – modelled on existing PPP-models:
 - goals – connecting research, practice and education
 - activities
 - organisation
